

Master Kian will we be able to corner Jin Valtor this time ?
If the information in the report is correct, and that cargo contains what is considered illegal, a slave

If it isn't the order of knights Is something the matter?
Strange though... were they that that easy to catch red-handed
DOD
Well Well...
Slaves? that's not very nice
Sorry but can we examine your cargo?
It seems like that there are people trading slaves recently

Please go ahead

As long as time permits

they knew? cant be!!
Jin Veitor!!!
What is with these guys' composure it's almost like they knew we were coming
...?

This smells like a dreadful scheme
this was planned wasn't it
The one said to be the strongest in the country dad the one who works for the mayor at court John the one with unknown abilities mom. Merely by the fact that all 3 adults with high magical power had to suddenly leave the house
And for ninja-like burglars to trespass the moment they had left as if they knew that no one would be there
I can understand why the documents
Why am I being targeted??
They even politely revealed that the targets were me and the Veitor documents

The cursed doll that John gave me
I wonder if John is ok
If this was really orchesfrated by House Veltor...
ズズズ

But won't he find it weird ?
Should i go fo John s home to make sure ? if i make use of my japanese knowledge i should be capable of rescuing him regardless of whaf happens

They might all distance themselves from me
Using magic that would put adults to shame, making them think of me as a monster
I am just a 4 year old child after all
Even then, three...
I still have to think of a way to explain how I captured them
And as a result I have to tell the truth
If I use power on top of that

Even if this current happy relationship was to break
If I am too late it would be even worse!
No! It I'm afraid of that
ぎゅん
ぎゅん
As long as he is alive
Relationships can possibly be restored after all

It's...
It's fine good night!!!
Oh master Will, going to sleep? would you like me to accompany you to your room
I did reduce their magical power to zero just in case
Alright!
I locked them three in an office that the maids would not enter
Now then off to john's home
I dont know where his home is located

キェェェ
Thi
This!
!!
Was there anything imbued with John's magic?
I guess tracing John's magic would be the fastest way
this is
Hmm South West quite far away
Magic Trace

I better make myself invisible [Invisibility]
I Guess I have no choice but to fly there
[Flight]
Alright I'm flying
Alright I'm also done doping Lets go!
If he's being held captive then it's fine

To the Veitors' Home!!!

It's been a while John the honor student
Just by mentioning that brat's name, you got caught easily
Jean you bastard what have you done to the Beryls!
You have completely become the Beryl's lapdog

That is Mr. Jean to you, you disgrace of the Veltor family
Ugh!

Someone smart like you would understand without a need for explanation
The reason for tricking you and making you come here

Keeping anyone with fighting potential away from the Beryle home
Kidnapping Master William and threatening Master Kian probably something along these lines
Listen Well!!!
it's exactly because you can only do something despicable like this
That you will never be anything more than a Viscount
Wh

You are an unwanted person as far as this house goes
And you have no value as a hostage as far as the Beryls are concerned
Don't forget that there is no reason to keep you alive
Now then
Spill everything out
Everything you have on the Beryls
If you do that I'll spare you

north?
Um... where is John... (Magic trace)
I... I've finally arrived
Here, if I circle around
W What was that?
Someone screaming
You know dont you!!!!

SPEAK!
Speak!
I can feel John's magic from over here too
[Levitate]
!!!
John!!!

John!!
Speak!!! John!!!
!!!
Stop! Let go of ..
!?
ドカッ!!

Ughll
[Restraint]

He can't be a part of John's family, can he?!!
?
John
Who was that..
W...
Will??

[Cure]
He's been cut in such a way that makes it difficult to move him
It's alright I can hear him
Um right
!?
Cure?

[Release]
バチッ
!?
No way I seriously got healed
Impossible [Cure] is supposed to be a legendary class light spell...

So
So you don't catch cold
[Restore]
The magic just now what's it called?
Let's go back home John-Sense
!!

um..
It's me Will
Who are you?!
What are you plotting by transforming into Master Will

um
Even though he is worried about me, I have mixed feelings about this because it truly is me
Have you done anything to him!!!
Impossible! a 4 year old child using high grade magic in succession and coming all the way here from from home...

I need some kind of evidence, otherwise John won't believe me...
T
This
!!
Again
!!
So it was cursed after all!
The cursed doll that I gave to Will!!!
That is

Yea
You are Will arent you ?
To the Beryls I'm just a teacher
That
Why would you put yourself in danger by coming to save me!?
I see
There is just one thing I don't understand

Because you are also part of my family!
Eh?
Let's go back home I know a spell to return quickly
Hi!

Will
Thanks
For saving me
y Yes?II
!?
No problem
